# Muhammad Haikal Fikri As'ad

Mobile Development Cohort At Bangkit Academy led by Google,  
Tokopedia, Gojek, & Traveloka | Undergraduate students of  
Informatics Telkom University Surabaya  
Surabaya, Jawa Timur, Indonesia

## Ringkasan

My name is Muhammad Haikal Fikri As'ad, and I am a third year student from Telkom University, Surabaya, with a degree in Computer Science. Throughout my academic journey, I have developed a keen interest and proficiency in various aspects of technology, particularly in web development, mobile development, and UI/UX design.

Driven by a passion for creating user-centric and innovative digital solutions, I am constantly seeking opportunities to further enhance my skills and knowledge in these fields. I am adept at utilizing programming languages such as HTML, CSS, JavaScript for web development, as well as React Native and Kotlin for mobile application development.

Beyond my academic pursuits, I actively engage in campus activities, including participation in committees and student organizations. These experiences have not only honed my leadership and teamwork skills but also provided me with invaluable opportunities to apply theoretical knowledge to real-world scenarios.

I am enthusiastic about contributing to the dynamic and ever-evolving tech industry, where I can leverage my expertise to deliver impactful solutions and drive positive change. With a strong foundation in computer science and a proactive approach to learning, I am committed to continuous growth and development as a professional in the field.
